

Caroli Driving School – Your Road to a Driver’s License

Central Location in Malmö

We are located at Mäster Nilsgatan 20, just a few minutes from Malmö Central Station and Caroli City shopping center. With us, you will receive safe, modern, and effective driver training for cars and motorcycles.

How the Training is Structured

The Swedish Transport Administration’s curriculum forms the foundation of all our training. We have divided the education into three stages:

1. **Basic exercises** – modules 1–9
2. **City driving** – module 10
3. **Highway & rural roads** – modules 11–15 (including slippery conditions, night driving, and final assessment)

We combine theory and practice in a pedagogical way, using modern technology such as tablets and the option to record lessons.

Risk Training

Risk 1: A theory course on alcohol, drugs, fatigue, and risky behaviors (approx. 3 hours, booked by you).

Risk 2 (Slippery Conditions): A practical training session booked by your instructor towards the end of your course.

Both parts are mandatory and valid for 5 years.

Theory Training

You can choose between several options:

- Theory material in Swedish and English
- Pre-recorded online courses (Swedish)
- Complete digital theory package for car, motorcycle, and moped – unlimited tests, valid for 1 year

Prices and Payment

- Package prices are valid for 1 year from the payment date.
- Prepayment is required when purchasing a package.

Mandatory Fees (not included in packages)

- Vision test
- Photograph at the Swedish Transport Administration
- Driver's license issuance
- Knowledge test (theory test)
- Driving test

Cancellation of Driving Lessons

Cancellations must be made no later than 13:00 on the previous working day. Late cancellations will be charged unless a medical certificate or similar is provided.

Refund Policy

We follow STR guidelines. If you cancel a package, used lessons will be charged at the regular price. Theory packages are non-refundable once activated.

Driving Test

The driving test (theory test + practical test) is booked in consultation with your instructor. The booking is preliminary until you are approved both theoretically and practically. The school reserves the right to reschedule the test if requirements are not met.
